

Jimmy Eat World, Drugs Or Me (Styrofoam Remix)

Stay with me
You're the one I need
You make the hardest things
Seem easy
Keep my heart
Somewhere drugs don't go
Where the sunshine slows
Always keep me close

If only you could see the stranger next to me
You promise,
You promise that you're done
But I can't tell you from the drugs

Don't let go
We'll dig a big hole
Down an endless hold
We'll both go
You're so blind!
You can't save me this time
Hope comes from the inside
And I feel so low tonight

If only you could see the stranger next to me
You promise,
You promise that you're done
But I can't tell you from the drugs
I wish that you could see
This face in front of me
You're sorry, you swear it: you're done
But I can't tell you from the drugs

I need your hands to pull me up
Take the wheel out from me
Take me so far

Keep my heart
Somewhere drugs don't go
Where the sunshine slows
Always keep me close
