

Jimmy Eat World, Gotta Be Somebody's Blues

Let the water come
She's the only one I love
Let the fat man drop
She's the sweetest honey pop

Will they see the sky again?
Who will sing their blues for them?

Let the factories rust
She's the only thing I trust
Let the virus spread
She's the silk lining my bed

Will they breathe our air again?
Who will sing their blues for them?

When you're feeling moved
You can have your conscience all you want
You can't say I do nothing
Yeah, I put it off

Where are you gonna go if they come for you?
Will there be someone left to sing your blues?
Where you gonna run when they come for you?
Will there be someone left to sing your blues?
