

Jimmy Hendrix, Have You Ever Been (To Electric

Have you ever been?
Have you ever been, to electric ladyland?
The magic carpet waits for you
So don't you be late
Oh

I want to show you
Diffrent emotions
I want to learn you
The sounds and motons
Electric women waits for you and me
So it's time we take a ride
While we fly over the love filled sea
Look up ahead
I see the love land
So do you understand?
Make love make love...
I want to show you
Angels will spread their wings, spread their wings
I want to show you
Good and evil lay side by side
While electric love penetrates the sky
I want to show you
I want to show you
I want to show you
I wanna show you
