

Jimmy Ruffin, Hold On To My Love

Today, you came by, to tell me you are leaving me, and to say, that the love, and all that we knew had just drifted away. And I look, in your eyes, and I couldn't bare the pain I felt inside, of my heart. To think I'm gonna be lonley again, and if e-ever, then I know at a glance that I don't stand a chance.

Chorus:

Hold on, to my love, I'm nothing, and I can't get along without you. Your the light of my life. There no living without (your love).

It's so hard, to believe, that your going away could make me feel so down. Cause I know, that from this moment on I won't have you around. And if e-ever you go, then I know at a glance that I won't stand a chance.

Chorus:

So hold on, to my love, I'm nothing, and I can't get along without you. Your the light of my life. There no living without (your love).

Ooooh, oh baby, nobody's taking you place. But for you, but for me, our love would live on for the whole world to see.

Chorus:

So hold on, to my love, I'm nothing, and I can't get along without you. Your the light of my life. There no living without your love. No, no, no, no, Hey. Whooo

Honey hold on (hold on), to my love (my love), I'm nothing (hold on) and I can't get along without you (hold on). Your the light, your the light, of my life (my life). Theres no living without (your love. Hold on, to my love). Hold on, cause I'm nothin girl, and I can't get along without you, you, your the light of my life (my life). And I just can't live without you.
