

Jimmy's Chicken Shack, Another Day

sun invaded this morning
as i cultured a pearl in my bed
hope i can lift my arms know i can't raise my head
the silence is silenced so sweetly
as i raise with my dug--out in hand
and after your courthouse defeats me
know i've got to get high with my band
hope i can make it just one more day
been three long weeks since my lips touched your face
if i'm willing have i lost the game
if i can't run the race
i'll just wait for another day another day
i'll just wait for another day another day
i'll just wait for another day another day
i'll just wait for another day another day

feel like i've had enough of what you said
and i won't bother the rock that your under
got freedom from myself for another day

another day
another day
another day
another day

another day
another day
another day
another day
another day i'm happy to see
another day
i might as well just be me on another day
another day without
