

# Jin, 100 Thousand Sold Pt. 2

100 Thousand Sold Pt.2'

I woke up this morning looked in the mirror  
and said its either me or  
you but its time for a change like Lyor  
Cohen thoughts start flowin when I hear a Def Jam  
I passed the torch from my right to my left hand  
I'm just a average joe with a far from average flow  
minus the fact I'm nice I'm sorta like you  
take my skills subtract it twice  
divide that by 2 that's you and that's about right  
but back to my life where the saga continues  
tell these promoters start lookin for some venues  
I'm backstage meditatin breathin easy  
waitin for the moment I'm signaled by Kameezy  
two thumbs up that's when I know it's a go  
The Emcee rocks every set like its his last show  
professionalism I hold in high regards  
cause to me this here is more than just a job  
it's the culmination of all that I believe  
hiphops the oxygen that I need to breathe  
success is measured by what one achieves  
I brushed my shoulders off and rolled up my sleeves  
see the empire ain't gonna build itself  
sick of sittin on the shelf went on a hiatus  
you are listenin to the greatest  
story never told the sequel to 100 thousand sold  
talk to 'em K...

Kamel (breakdown)

...lets assume I made it plus accumulated a fanbase  
could you picture the look on this mans face  
a moment I cant wait for record wise  
only way I'll flop is if I ever stop affectin lives  
I got a point to get across now whether 1 person  
get it or a million the message isn't lost  
of course I want plaques that's certified diamond  
but more than that I just love rhymin  
perfect timin when when I flow  
my styles far from Common plus I aint from Chicago  
but big up to Mr. Lynn who motivated me to spit  
again and we aint ever interact  
ready to quit lost balance got my center back  
BE reminded me why I even got into rap  
the boom bap when you feel like you in a room  
trapped and the only escape is in the form of a tape  
for every situation theres a song to relate  
at that moment I knew that I belong with the greats  
it's the freestyle specialist slash song writer  
pull a all nighter just to make the song tighter  
tryin to sell 10 million copies you so hopeless  
I'm workin on a 100K I'm so focused  
you know I got mine fasho  
so that's just 99 thousand 999 to go...
