

# JJ72, Not Like You

wrap me up in confidence  
break it down when it suits you  
always separate  
no matter what happens  
always needing more  
never content  
that's me no capacity  
for complete generosity  
not like you  
possibly  
please love me  
sincerely  
claim you believe it's true  
the story could have confused you  
maybe i was wrong  
maybe you were strong  
take it out on me  
i will fight with thee  
because i need things to  
go wrong when they are right  
not like you  
possibly  
please love me  
sincerely  
wrap me up in confidence  
break it down when it suits you  
always separate  
no matter what happens  
always needing more  
never content  
that's me no capacity  
for complete generosity  
not like you  
possibly  
please love me  
sincerely
