

# JJ72, Serpent Sky

Seasons don't change  
They just glide through my eyes  
Like a serpent in the sky,  
Tempestuous love passing me by  
Singing ahhh...  
Infinity of space  
It destroys this special place  
Of momentary bliss  
It's the thorn in a kiss  
Singing ahhh...  
Sadness and you have become my perfect two  
In a world I divide what is good and what I do  
Singing ahhh...  
Seasons don't change  
They just glide through my eyes  
Like a serpent in the sky,  
Tempestuous love passing me by  
Singing ahhh...
