

JMSN, Slide

Said, momma I've been gone a long time
Don't know when I'm coming back home
Daddy, I know you've been thinking about coming back making it right
But I don't you worry you ain't done nothing I can't forget

Said, there's a ring of fire around me
And god gave me time
So I've got to find my faith
And my big ol'
Heart's still pounding
I'm still alive
So I've got to find my way

Said
I'll get it over time
But until then I'll just ride
You know, I made up my mind
So I can't lit this one slide

Brother, I know times have been tough
But just like you I've been out here making it up
Sister, maybe I ain't done enough
But I guess that's just why they call it tough love

Said, there's a ring of fire around me
And god gave me time
So I've got to find my faith
And my big ol'
Heart's still pounding
I'm still alive
So I've got to find my way

Said
I'll get it over time
But until then I'll just ride
You know, I made up my mind
So I can't lit this one slide
