

# Jo O'Meara, Never Meant To Break Your Heart

We Said Goodbye  
And We've Been Through All The Questions  
Trying To Get the Answers Right  
And You It's Nothing You Did Wrong  
It's Just A Path I Need To Take  
To Go Grow Along My Fate

And The Memories That We Shared Together They're Gone  
It Saddens Me to Think But its All Gone

You Gotta Understand I Never Meant To Break Your Heart  
Cant Believe That we're apart - No - I never meant to hurt You Baby  
Don't You Think Im So Cold We Already Faught The Fight  
Cause' Ill Be Crying Every Single Night - It's So Hard - Yeah  
I Never Meant To Break You Heart - no -

You Tried And We'd Fight  
If You Put Two Hearts Together  
I Guess The Truth Reveals In Time  
And With You I Feel That I Belong  
What I Need Everynight  
Is To Have You By My Side

And The Memories That We Shared Together They're Gone  
It Saddens Me to Think But its All Gone, All Gone

You Gotta Understand I Never Meant To Break Your Heart  
Can't Believe that we're apart - No - I never meant to hurt you Baby  
Don't You Think I'm So Cold We Already Faught the Fight  
Cause' I'll Be Crying Every Single Night - It's So Hard - Yeah  
I Never Meant To Break You Heart - no -

Baby Don't Be Holding On  
Cause I Don't Know How I Feel  
But Don't Just Throw Away Love  
What If I Never Love Again  
But It's Time To Be Movin' On  
Don't Just Throw Away Love  
It's not That I Don't Love

You Gotta Understand I Never Meant To Break Your Heart  
Can't Believe That we're apart - No - I never meant to hurt You  
You Gotta Understand I Never Meant To Break Your Heart  
Can't Believe That we're apart - No - I never meant to hurt You Baby  
Don't You Think Im So Cold We Already Faught the Fight  
Cause' I'll Be Crying Every Single Night - Oh - Yeah  
I Never Meant To Break You Heart - no -

You Gotta Understand I Never Meant To Break Your Heart  
Cant Believe That we're apart - No - I never meant to hurt You  
You Gotta Understand I Never Meant To Break Your Heart  
Cant Believe That we're apart - No - I never meant to hurt You Baby  
Don't You Think Im So Cold We Already Faught the Fight
