

Joan Armatrading, Persona Grata

Can you feel
How close we are
Can you tell
That this is real
Make up your mind
'Cos anyway you want it baby
Hey you got it

Power over me
I'm your whipping boy
I can positively say

I am in love with you
I am in love with you
I am in love with you
I am in love with you

Here you are
All I've waited for
Bap par dap... ah

Now I give my heart to you
Take it all now
Make me feel good
It can make you feel good too

Hey you got it
Don't waste any precious time
Said anyway you want it baby
Hey you got it
