

Joan Armatrading, Watch Your Step

There are some things you can't hide
And I don't want to
I'll shout it out
I want the world to know

There's bound to be some envy
When they find out
That I'm with you
But I don't care 'bout that

Still I'm gonna watch my step
When I go walking out
I'm gonna look around

'Cos they'll be looking for me
You've got my man
High and low
Hunt to kill

That's why I'm gonna watch my step
When I go walking out
Yeah watch my step
When I go walking out

Oh
There's people all around
They try
They try to put us down
But I don't care
I don't care
I don't care what they say
And I don't care
I don't care
I don't care what they do
And I don't care
I don't care
I don't care what they say

Hey watch your step
When you go walking out
Watch your step
When you go walking out
I'm gonna look around
And watch out for them alley cats

Some things you can't hide
And I don't want to
I'll shout it out
I want the world to know

Yeah let them sweat
We're stepping out
Hey place your bets
We're gonna ride though rough sea out
Watch your step
When you go walking about
You better look around
Watch out for them alley cats

Watch your step
When you go walking out
Watch your step
When you go walking out
Watch your step

When you go walking out
You better look around

Watch out
Watch out
Watch out
Watch out for them alley cats
Watch your step
When you go walking out
Better look around

Watch your step
When you go walking out
Watch your step
When you go walking out
Watch your step
When you go walking out
Look around

Watch your step
Watch your step
Watch your step
