

Joan As Police Woman, How Come You

How come you're so solid gold

(Joan as Police Woman EP)

This is the scent of modern love
This is the scent of modern love
It's in the creep, hideaway
And it's in the sink, hideaway
Start now
Ooh ooh ooh ooh ooh ooh

It's in the holler, modern love
It's in the holler, modern love
Well this is the dark sea, hideaway
And I am your finger maid, hideaway
Start now
Ooh ooh ooh ooh ooh ooh

It's on the land
I can't forgo the forgotten

Why don't you fall asleep without me, for once, daddy
Why don't you fall asleep without me, for once, daddy
Cause you know I need you
You know I need you
You're the wise child

This is the send-up, modern love
This is the send-up, modern love
Well do it away, child
It's easy
Way away
It's easy now
You're stalling
How come you're so solid gold
Well I'll be your finger maid
I'll be your finger maid
Just start now
Start now.

Oh heart
I see you all around me now
Oh heart
I feel you all around me now
Oh heart
I feel you all around me now
Oh, ooh
Oh, ooh
