

# Joan As Police Woman, Show Me The Life

Show me the life

( The ride EP )

I believe you  
And I love you  
Tell me I will be  
In your eyes and  
On your lips only  
Tell me  
I won't forget

Sell me on permanence  
I'd never thought of it  
Show me daddy  
Show me the life  
And I'll go there

Strip me  
I'm already threadbare  
Enough to see  
The mark of blueprint  
In my makeup  
Mapping the ghost in me

Sell me on permanence  
I'd never thought of it  
Show me daddy  
Show me the life  
And I'll go there  
Show me the life  
And I'll go there  
Show me the life  
And I'll meet you there
