

Joan Jett And The Blackhearts, Who Can You Trust

(J. Jett/K. Laguna/S. Lunt)

My animal nature
Will dominate ya
Just wait and see

Yeah there's no protection
This whole deception
Is killing me

Look what we got
It's not what it seems to be
Take aim and fire
Gotcha gotcha gotcha gotcha

Hey it's so confusing
This whole illusion
Will tell on you

You take what you want
Get what you need
Take aim and fire
Gotcha

Who who who can you trust
Who can you trust
Just say enough is enough
Enough is enough
Who who who can you trust
Who can you trust
Just say enough is enough
Who who who can you trust

Look what we got
It's not what it seems to be
Take aim and fire
Gotcha

Who who who can you trust
Who can you trust
Just say enough is enough
Enough is enough
Who who who can you trust
Who can you trust
Just say enough is enough
Who who who can you trust

Who who who can you trust
Who can you trust
Just say enough is enough
Enough is enough
Who who who can you trust
Who can you trust
Just say enough is enough
Oh I gotcha
Who who who can you trust
Who can you trust
Just say enough is enough
Oh I gotcha
Who who who can you trust
Who can you trust
Just say enough is enough
Oh I gotcha
Who who who can you trust

Who can you trust
Just say enough is enough
Oh I gotcha
Who who who can you trust
Who can you trust
Just say enough is enough
Oh I gotcha
Who who who can you trust
Who can you trust
Just say enough is enough
Oh I gotcha
Who who who can you trust
Who can you trust
Just say enough is enough
