

Joanna Pacitti, Your Obsession

Gonna be your obsession
Gonna be what you're living for can't live without
Gonna be your obsession
Gonna be the only thing you think about
I'll be like your reflection
You'll find that you'll never get rid of me
I'll make a strong impression
Gonna bring you to your knees

Chorus:

I'm gonna mess you up so bad
I'm gonna drive you completely crazy
Be the best thing you ever had
I'll make you love me
I'll make you love me
Gonna be your obsession
You're gonna think of nothing
Nothing but my touch
Gonna be your obsession
Gonna be addicted to me like a drug
Gonna get your attention
I'm gonna make sure that you're in too deep
Your heart will be my possession
Gonna give it all to me

Chorus:

I'm gonna mess you up so bad
I'm gonna drive you completely crazy
Be the best thing you ever had
I'll make you love me
I'll make you love me
I'm gonna wreck your best laid plans
I'll make it so you just can't escape me
Be the best thing you ever had
I'll make you love me
I'll make you love me
You're gonna wish for the taste of my kisses
You're gonna long for me everynight
And every day
Don't even try to resist
It's gonna be an obsession
