

# Joe Bonamassa, Nuthin' I Wouldn't Do

I got snakes around my ankles, bats all in my hair.  
I fight tigers with a toothpick, just to prove to you I care.  
I know you don't expect it yeah,  
I can make this dream of mine come true.  
Oh yes I do.

In this crazy world we live in,  
There's nuthin' that I wouldn't do for a woman like you.

Now age is not a barrier, it don't get our way.  
It's love that really matters now, it's love that makes you stay.  
If I can't explain it yeah,  
I can make those dreams of mine come true.  
Oh yes I do.

All you need to do is trust me yeah,  
Nuthin' that I wouldn't do for a woman like you.

(Lead Break)

My life is all a wonder, the truth is all around.  
I just can't get over baby, all the happenings I've found.  
I could never love another, though in love like this is nuthin' new.  
Oh nuthin' new.

All you need to do is ask me baby,  
There's nuthin' that I wouldn't do for a woman like you.  
Nuthin' I wouldn't do
