

Joe Brooks, Apple

For your consideration
I offer myself with no sign of hesitation
Well let's get these wheels in motion
Cause this old guitar is gonna sing by the ocean side

Oh Apple you're my life
Feel like a before and after photo
How I ever live without you I don't know
So we gonna plant the seed and watch it grow oh
Apple, you don't even know how your laughter tastes so sweet oh
Apple, well I thank my stars that you fell so close
Yea you fell so close
That you fell so close to me

We sit and watch as the waves slowly reach for our names and surrender them to the tide.
If I could send out a message in a bottle
I'd say all I need is here by my side
Apple, you're the reason why

You're like a before and after photo
How I ever live without you I don't know
So we gonna plant the seed and watch it grow oh
Apple, you don't even know how your laughter tastes so sweet oh

Apple, you don't even know how your laughter tastes so sweet oh
Apple, well I thank my stars that you fell so close
Yeah you fell so close
