

# Joe Diffie, 3rd Rock From The Sun

She walks into Smokey's one hip at a time  
Like a broken field runner slippin' through the line  
He likes the way she looks so he calls the little wife says  
"Don't wait up for me I'll be workin' late tonight"  
Wife hangs up the phone, bursts into tears  
Calls her sister up and cries "Get over here"

Sister tells her boyfriend be back in awhile  
Boyfriend wants a beer, the store is just a mile  
He leaves the motor running he'll only be a minute  
His car drives away with teenagers in it  
The driver tells his buddies, got one life to live  
They scream into the night "Let's get it over with"

Cause and effect, chain of events  
All of the chaos makes perfect sense  
When you're spinning round, things come undone  
Welcome to Earth third rock from the sun

The kid guns the gas, car starts to swerve  
Heads for a semi truck, jumps the curb  
Truck hits a Big Boy in the Shoney's parking lot  
It flies through the air takes out the bank clock  
Clock strikes a light pole, transformer sparks  
Lines go down, town goes dark

Waitress calls the cops, says she saw it all  
Swears a giant alien has landed at the mall  
Cops ring up the mayor says there's panic in the streets  
"We hate to wake you up but we can't find the chief"  
Mayor says "Use your head if he ain't in his car  
He's hiding from his wife, down at Smokey's Bar"

Cause and effect, chain of events  
All of the chaos makes perfect sense  
When you're spinning round, things come undone  
Welcome to Earth third rock from the sun
