

Joe Dolan, I Need You

My love is as high as a bird in the sky
and I need you
My love's gonna last till the day that I die
for I need you
I'll never say no to the love that I've known
making me feel so happy inside
A heaven I've found, it walks on the ground
and I need you.
What more can I say for with each passing day, girl,
I need you
My love grows and grows and my feelings I show
for I need you.
Oh don't ever go, for I want you to know
that without you I'd die down inside.
Stay with me tonight, every thing is all right
and I need you
I need to know, that you won't go.
I need to know it tonight
why the stars are so bright in the sky.
