

Joe Dolan, Sweet Little Rock'n'roller

You looked at me,
I knew right away that you're the kind of girl I need.
Now, I see,
That everything's all right, you're always giving me the lead.
Oh feeling like I do,
I could dance all night and day,
Feeling like I do,
I could dance my life away.
Baby like to rock, baby like to roll,
Baby like to rock and roller,
Feeling is fine now I know that your mine,
'Cause I feel like a rock and roller.
Baby take a chance, baby come and dance,
Sweet little rock 'n' roller,
Music's alive while I'm making a jive,
Sweet little rock 'n' roller.
It's two o'clock,
You're still going strong, you said that you don't wanna go home,
You want to rock,
Well baby I'm with you, I wouldn't leave you here alone.
Oh feel a little luck I do,
I can dance all night and day.
Oh feel a little luck I do,
I could dance my life away.
Baby like to rock,
Baby like to roll,
Baby like to rock 'n' roller,
Feeling is fine now I know that you're mine,
'Cause I feel like a rock 'n' roller.
Baby take a chance,
Baby come and dance,
Sweet little rock 'n' roller,
Music's alive while I'm making a jive,
Sweet little rock 'n' roller,
Rolling on down.
Baby like to rock,
Baby like to roll,
Baby like to rock 'n' roller,
Feeling is fine now I know that you're mine,
'Cause I feel like a rock 'n' roller,
Baby take a chance,
Baby come and dance,
Sweet little rock 'n' roller,
Music's alive while I'm making a jive,
Sweet little rock 'n' roller
