

Joe Dolan, The Universal

This is the next century - where the Universal's free
You can find it anywhere, the future has been sold.
Every night we're gone - and to karaoke songs
How we like to sing along, though the words are wrong.
It really, really, really could happen
yes it really really really could happen
When the days they seem to fall through you and just...
let them go
No one here is alone - satellites in every home
Yes, the Universal's here, here for everyone.
Every paper that you read, says tomorrow's your lucky day
Well here's your lucky day.
It really really really could happen
Yes, it really really really could happen
When the days they seem to fall through you and just...
let them go.
