

Joe Jackson, Take It Like A Man

Don't let her down
Just 'cos you could before
She stole the crown
You don't rule anymore
Oh no - take it like she did before
Oh no - take it like a man
Strong, sexy, smart
Slim, slassy, super-cool
She gets the parts
You get to play the fool
Mean, drunk or dumb
Were' not casting votes today
Breaveheart of bum
Who needs you anyway
Oh no - take it like she did before
Oh no - take it like a man
Don't feel so down
Your'll find some job to do
Gansta or clown
She'll keep a place for you
You feel her touch
Fingers like icicles
She needs you so much
Like fish need bicylces
oh no - take it like she did before
oh no - take it like a man
