Joe Jonas, All This Time

I know you?ve been hurt before
But never say never, baby
Slow down, don?t close the door
You?ve been waiting forever, baby
See I know your heart?s been scarred
But you?ve come this far
So baby don?t run away
I, I know you?re close to giving up
I just want to give you love
And try to keep a smile on your face
So open your eyes & see that we belong together,baby
You?ll be surprised to find that things can be much better

I want to take you to a place
Where love is something more than you imagined, yeah
I put it right in your face
Girl, it?s yours
All you got to do is reach out and grab it
You waited all this time
You waited all this time
I put it right in your face
Girl, it?s yours
All you got to do is reach out and grab it

You played your cards, he left you with a broken heart Baby, I?ll never, I?d treat you like a treasure It?s not your fault, I know you took it hard That was a mistake For us it?s never too late You can?t live your life in fear I know it?s hard to move on You?ve just got to forget it Cause baby, the sky is clear The rain is gone, and the sun is shining

I want to take you to a place
Where love is something more than you imagined, yeah
I put it right in your face
Girl, it?s yours
All you got to do is reach out and grab it
You waited all this time
You waited all this time
I put it right in your face
Girl, it?s yours
All you got to do is reach out and grab it

You waited all this time /3x You waited all this

Time to get up girl
And take a chance, yeah
There?s nothing to be scared of
Just grab my hand
If you need someone by your side
With the love inside
Night or day, I?ll be there
You know I will
Cause I...

I want to take you to a place Where love is something more than you imagined, yeah I put it right in your face Girl, it?s yours All you got to do is reach out and grab it
