

Joe, My Name Is Joe

A sexy whisper every time we kiss

When someone gives you all the things you miss

Through faded pictures you know

My name is Joe from 6th st.

Caress your body like a melody

You scream my name like a symphony

I want to say hello

My name is Joe

(What's my name, What's my name)

Joe

(What's my name, What's my name)

My name is Joe

Please don't go
(Baby don't go)
