

Joe Pace, God Can Do Anything

Chorus:

God can do anything,
though your way may seem impossible,
and the load you cannot bear.

He can do it

He can do it, it,

God can do anything (He can do anything).

Verse 1:

There's nothing too hard for God,
(He can do anything).

No problem He can't solve,
(He can do anything).

I've tried Him and know Him,
there's no doubt,

whatever the test,

He will bring you out.

God can do anything (He can do anything).

Verse 2:

There's no secret what God can do,
(He can do anything).

Time after time, He's brought me through,
(He can do anything).

I've tried Him and know Him,
there's no doubt,

whatever the test,

He will bring you out.

God can do anything (He can do anything).
