

Joe Pace, God Said Not So

Verse 1:

It could have been me
The man that's homeless and out on the street
It could have been me
No food, no money and no place to sleep
It could have been me
With a heart that's broken and no inner peace
Oh but God said not so

Verse 2:

It could have been me
It could've been me sleeping in my grave
It could have been me
But God had mercy, made death behave
It could have been me
You see the doctor said, I might not make it
Oh but God said not so

Bridge:

God's grace
It is sufficient for me
God's mercy
God's mercy endureth forever more
If it had not been for Him
Tell me where would I be
That's why God said not so
(repeat)

Vamp:

We want to thank You
We want to praise You
We want to give You the glory
