

# Joe Purdy, Secret

I am your secret babe  
Watch me unfold  
Dancing in these streets so late  
nobody knows  
nobody knows us

The first time i looked at you  
you looked at me  
swimmin in this water so cool  
just like a river queen  
just like the river queen

and i dont remember falling asleep  
must have been holding on tight  
and all i can think of and i can dream  
is dancing with you in red lights

sunshine state is closed  
look at the water on the road  
and im gonna get in my boat  
and to you i will float  
and to you i will float

and i dont remember falling asleep  
must have been holding on tight  
and all i can think of and i can dream  
is dancing with you in red lights

I am your secret babe  
Watch me unfold  
Dancing in these streets so late  
nobody knows  
nobody knows us
