

Joe Purdy, You Don't Like Me

Well, hey, hey, i can't make you go around around
'cuz all you do is just put me down
when i'm nice you don't like me anyway
well, hey, hey, i can't make you go around around
'cuz all you do is just put me down
when i'm nice you don't like me anyway
those mean boys make you crazy
and their the ones you go chasin'
now come to the conclusion
you're as mixed up as me
well, hey, hey, i can't make you go around around
'cuz all you do is just put me down
when i'm nice you don't like me anyway
you got a big chip on your shoulder
and i ain't the one to push it over
been lyin' and try to make you happy
ain't got the energy
well, hey, hey, i can't make you go around around
'cuz all you do is just put me down
when i'm nice you don't like me anyway
well, hey, hey, i can't make you go around around
'cuz all you do is just put me down
when i'm nice you don't like me anyway
im sitting on the toilet writing this song for you
cuz thats what i think about the shit you do
when i get up im gonna flush it down the drain
well, hey, hey, i can't make you go around around
'cuz all you do is just put me down
when i'm nice you don't like me anyway
said, hey, hey, i can't make you go around around
'cuz all you do is just put me down
when i'm nice you don't like me anyway
