

Joey Ramone, Venting (It's A Different World Today)

World out of control on the evening news
We're all screwed up and psychologically bruised
Kids killing kids make society pay
Just blow up your school and have a nice day
Reality today's much stranger than fiction
A sick fuckin' world with a violent affliction
It really, really bugs me
And it really fuckin' kills me
Live your life to the fullest and fuck everything

It's a different world today
I just don't understand
It's a different world today
And I just don't understand
Oh yeah

Does anything ever really get accomplished?
Does anything ever really get done?
Politicians talkin' through their assholes
It makes you really wanna go and kill someone

It's a different world today
I just don't understand
It's a different world today
And I just don't understand

I just don't understand
I just don't understand
I just don't understand
I just don't understand
