

# John & Audrey Wiggins, Going With My Heart

(John Wiggins)

He has a way that mesmerized me  
I've fallen for him helplessly  
I'm like a child with no defenses  
My best judgement seems so senseless  
My head says if you love him take it slow  
My heart says let him know

I'm going with my heart  
I'm gonna tell him how I feel  
And if he walks away, I'll know that it ain't real  
Surrendering my pride is where I'll have to start  
My head thinks I've gone crazy  
But I'm going with my heart

My mouth is dry, my hands are shakin  
He anticipates what I ain't sayin  
Everytime I try to say I love him  
the right words seem to take off running  
I've let the chance slip by a hundred times  
But I've made up my mind  
I'm going with my heart  
I'm gonna tell him how I feel  
And if he walks away, I'll know that it ain't real  
Surrendering my pride is where I'll have to start  
My head thinks I've gone crazy  
But I'm going with my heart
