

John Butler Trio, What You Want

What you want to say
Wait till you get home
I'm sick of communicating
Over the telephone

But tell me how you feel
For I am lonely too
Need you to know
I'm just as cold & numb as you

But I could fly away
Or I could be no one
And you could be the
Sunshine falling over the Mountain

Or you could come to stay
You could come right home
Dont see why I have too
Live this life all alone

I know there is a way
To make up for old mistakes
And I know whats happening
Is for a reason I know....
