

John Denver, Kipahulu High (Tropical Buzz) (Here Today, Gone To Maui)

I got a tropical buzz on
Mediterranean heat wave
Sunny Caribbean come on
It's me I need to save

Here today, gone to Maui
On the edge of Zatori
But that's a whole another story
It's me I need to save

Waterfalls on a sunny day
Where the earth meets the sky
Taste the salt on the ocean spray
Kipahulu high

It's magnetic yoga
Some kind of cosmic connection
We got infinite options
It's us we need to save

Waterfalls on a sunny day
Where the earth meets the sky
Taste the salt on the ocean spray
Kipahulu high

It's magnetic yoga
Some kind of cosmic connection
We still got infinite options
It's us we need to save
