

John Farnham, New Day

John Farnham, Phil Buckle, and Ross Fraser

I'm looking forward, to seeing you smile
We've been strangers, we've been lost for awhile
A new day coming, a change at last
All our problems, fade away in the past

New hope, new way
We start today

There's a new day coming
There's a new day coming
There's a new day coming, our way

Stormy weather, when things got rough
Empty promise, we've had enough
Looking down, the road I see
It's the future, the way it's gonna be

We're on our way again
This time I know

There's a new day coming
There's a new day coming
There's a new day coming, our way
