

# John Fogerty, You Got Nothin' On Me

(John Fogerty/Tom Fogerty)

I'm hope tell to you that you better stay out of my way  
There ain't a man alive to beat me  
And that's why I'm here to stay  
You may be something but you got nothing on me

You know just for fun I wrassled with a grizzly bear  
I even fought with an alligator  
I didn't even mess my hair  
Well You may be something but you got nothing on me

You got nothin' on me  
well you ain't got nothin' on me baby  
you ain't got nothin' on me  
Well any poor fool can see

I got a twinkle in my eye  
Woman ironing my clothes  
You better stay outta my way baby  
Or you'll be out the door  
Well You may be something but you got nothing on me
