

John Foxx, Endlessly

When she walks out, she's illuminous
When she turns round, she is someone else
And I can't find, can't find the rule or the exception
She moves towards me endlessly.
Endlessly
Endlessly
Turns her face into music
Into fire
Voice behind me says "Go on" ("Go on", "Go on")
So I go on onto towards her endlessly
Endlessly
Endlessly
"Switch the scene"
Sun is rising
Summer trees
Someone smiling
She moves towards me endlessly
Endlessly
Endlessly
She walks out, she's illuminous
