

# John Foxx, Endlessly

When she walks out, she's illuminous  
When she turns round, she is someone else  
And I can't find, can't find the rule or the exception  
She moves towards me endlessly.  
Endlessly  
Endlessly  
Turns her face into music  
Into fire  
Voice behind me says "Go on" ("Go on", "Go on")  
So I go on onto towards her endlessly  
Endlessly  
Endlessly  
"Switch the scene"  
Sun is rising  
Summer trees  
Someone smiling  
She moves towards me endlessly  
Endlessly  
Endlessly  
She walks out, she's illuminous
