

John Frusciante, A Fall Thru The Ground

Go away you're eating big faces
Bend down and eat your shoelaces
Next move you've gotta decide what's right.

Kill ya momma, kill ya daddy
I'm the peaceman so understand me
Understand me.

Hey! The ... fallen in the window
I jumped outa your old fish mask today
When you told me I was out of sap
I almost died in your lap, today.
