

John Frusciante, Communique

This is slow communique
This is slow communique
It's a show that I hope you know

My opposing say,
Why are we inside?
There are no rules
There are no rules

I will try to start a fire
I will try to start a fire
Just to show how well it burns

It's a breaking of commune
It's a breaking of commune
Just to show another way to go

You can never return
You can never return
It's a barrier for life before you learn

I can never return
I found an island, I found an island for you

This is slow communique
This is slow communique
It's a show that I hope you know

Swimming from the island

...
I will try ... you know

You say we're running now
You say we're running now
You go to where you never know

I will try to start a fire
I will try to start a fire
Just to, Just to watch how it burns
