

John Gregory, The Ride Of Your Life

Wishin' on a shooting star
The dreams alone won't get you far
Can't deny your feelings anymore
The world is waitin' right outside your door
What are you waiting for?

C'mon here's your chance
don't let it slip right through your hands
are you ready for the ride of your life?
your dreams are riding on the wind
just reach out and blow them in
get ready for the ride of your life?

In your heart you know what you must do
you've only got yourself to answer to
don't let fear of falling hold you down
your spirit's flyin high above the clouds
you're goin there

c'mon here's your chance
don't let it slip right through your hands
are you ready for the ride of your life?
your dreams are ridin on the wind
just reach out and blow them in
get ready for the ride of your life

your on your way no lookin back
and there's no future livin' in the past
and you're free at last
you're free at last

(repeat chorus)
