

John Hiatt, Sail Away

So now it's up to you
If I should stay or go
Though I've had no thought of leavin'
You ask if it hurts me
Honey, I don't know

CHORUS: (Part I)
It's like a dream
A thin machine
A piece of time that we exploded in
Oh yes, we did

CHORUS: (Part II)
I'm gonna sail away
I'm gonna sail away
I'm gonna sail away, sail away
Goodbye

And now it's up to you
To stay inside my soul
Though you had no thoughts of leavin'
And all of loves promises
I just don't know
