

# John Hiatt, Some Fun Now

Now your private life

Is in the public domain

And your one true love is just a lipstick stain

And your point of view

Is just a figure of speech

Well I rest my case, you're out of reach

CHORUS:

Havin' some fun

Havin' some fun now

Havin' some fun

Havin' some fun now

Well the tough get goin', and the good die young

Maybe you're the only good your mama ever done

But you wouldn't know a good thing if you saw

One, two, three

I'm down on my knees

Four, five, six

Gotta lot to fix

Seven, eight, nine

Goin' outta my mind

And it's a fast free fall

From a long hard climb

REPEAT CHORUS

And you wonder how

You ever got it so far

From a Mel Bay book

Into a long black car

And all along the way

They never made you cry

But they never got the joke

And you don't know why

REPEAT CHORUS

The party's over and the war is won

And you know what you're doin'

'Cause you know what you've done

But you wouldn't know a good thing if you saw

REPEAT CHORUS
