

John Lee Hooker, Wobblin' Baby

(John Lee Hooker)

I got a wobblin' baby, wobble me all the time
I got a wobblin' baby, wobble me all the time
Wobble me in the mornin', wobble me all the time
Oh, wobble me baby

Nobody treat me baby, treat me the way you do
Nobody treat me baby, treat me the way you do
I love you baby, love you all the time
Oh, wobble me baby, wobble me

If you ever leave me baby, I believe I would die
If you ever leave me baby, I believe I would die
Ah, without your love, baby, you know your daddy's through

I said, "Wobble me baby", I got a wobblin' baby
Way she wobbles all right
Wobble me in the mornin', wobble me late at night
Wobble me baby, wobble me baby, wobble me all the time
Oh, nobody please me, please like you do
