

# John Lee Hooker, You Don't Move Me Baby

(John Lee Hooker)

You know you don' move me babe,  
You know you just don' move me no more  
You know you just don' move me little girl  
You know you just don' move me no more  
I used to love you so hard, so hard, baby,  
You almos' drove me out of my mind

I finally found a new love, a new love, do all the things that you didn't do  
I found a brand new love, a brand new love, to do all the things that you didn't do  
And that's why, that's why, purrty1 baby, you just don't love little Johnny no more  
Hmm, hmm, hmm

Oh yeah, baby, babe, your cryin' just won't help no more,  
Let your tears fall down, fall down baby  
It just don't worry me to see you cry  
I tried to love you baby, but you would not treat me right,  
I did ever'thing for you baby, you run around both night and day

I tried to talk to you baby, but you wouldn't pay me no mind  
Until I just couldn't sleep at night, you had me dreamin' all kinds of bad dreams, baby  
I was so worried about you baby, I was about to go outta my mind  
I finally found someone babe, to ease my misery  
You don't move me no more babe  
You don't move me no more babe
