

# John Mayer, Love Soon

I know you've been sworn  
I read your complaint  
you're needing someone older  
and though I've been warned to live day by day  
there's something taking over

did you expect to kiss me one time  
while looking at me with the same eyes ever again?  
so come on and face it  
so come on and face it  
it's time that we say it

you can cross the line whenever you want to  
I'm calling it love soon  
close your mind and waste some time if you have to  
I'm calling it love soon  
it's not about you now  
it's what we are

your mother complains that you need a man  
you haven't mentioned me yet  
and all of your friends don't know who I am  
I've been your best kept secret

I understand I wasn't part of the plan  
a dollar short, a minute early  
but I am your man  
so come on and face it  
so come on and face it  
it's time that we say it

you can cross the line whenever you want to  
I'm calling it love soon  
close your mind and waste some time if you have to  
I'm calling it love soon  
it's not about you now  
it's what we are

let's bypass the bullshit and move on because  
the minute hand moves faster than you think it does  
and by no fault of yours and by no fault of mine  
the bottom line is laying in the bed that we've been playing in tonight

you can cross the line whenever you want to  
I'm calling it love soon  
close your mind and waste some time if you have to  
I'm calling it love soon  
it's not about you now  
it's what we are
