John Mayer, Wheel (Live)

People have the right to fly And when it gets compromised Their hearts say "Move along" Their minds say "Gotcha heart" Let's move it along Let's move it along

And airports
See it all the time
With someone's last goodbye
Blends in with someone's sigh
Cause someone's coming home
In hand a single rose

And that's the way this wheel keeps working now That's the way this wheel keeps working now And I won't be the last No I won't be the last, To love her

And you can't build a house of leaves And live like it's an evergreen It's just a season thing It's just this thing that seasons do

And that's the way this wheel keeps working now That's the way this wheel keeps working now And you won't be the first No you won't be the first To love me

You can find me, if you ever want to give I'll be around the bend I'll be around the bend I'll be around, I'll be around And if you never stop when you wave goodbye You just might find if you give it time You will wave hello again You just might wave hello again

And that's the way this wheel keeps working now That's the way this wheel keeps working now

You can't love too much, one part of it (repeat then fade)

I believe that my life's gonna see
The love I give
Return to me
I believe that my life's gonna see
The love I give
Return to me
I believe that my life's gonna see
The love I give
Return to me (repeat 1x)
