John Mellencamp, Your Life Is Now

See the moon roll across the stars See the seasons turn like a heart Your father's days are lost to you This is your time here to do what you will do

[Chorus:]

Your life is now your life is now your life is now In this undiscovered moment
Lift your head up above the crowd
We could shake this world
If you would only show us how
Your life is now

Would you teach your children to tell the truth
Would you take the high road if you could choose
Do you believe you're a victim of a great compromise
'Cause I believe you could change your mind and change our lives

[Chorus]

Would you teach your children to tell the truth This is your time here to do what you will do

[Chorus 2x]
