

John Porter, Night smoke

Your fingers are like the wind
It feels you are everywhere
You tear out my heart like a vulture
Your nails rip out my hair

You say you don't love me
You say you just need me
You say you don't love me
You just want to kill
The Darkness tonight

Your eyes shine like ice
I can see there's no mercy here
A cold shadow passes over my heart
And fills me with a cold black fear

You say you don't love me
You say you just need me
You say you don't love me
You just want to kill
The Darkness tonight

Your body- light dances around me
Your like a moth drawn to the
light
But I know it is I who will burn
Burn into the flames tonight

You say you don't love me
You say you just need me
You say you don't love me
You just want to kill
The Darkness tonight

She wants your body
Any body
She wants your body
Any body
