

John Williams, A F

Here I am so far from home
And all I wanna do is hold you
Yeah, yeah,
And I'm always thinkin' about you
Can't get you outa my mind
I wanna feel you, I wanna touch you,
I wanna be where you are,
Know that you're mine, never be far,
And love all the time yeah.

When I left you,
I never knew how long they'd keep me away from you,
Oh yeah,
I'm always thinkin' about you,
Can't get you outa my mind
I wanna feel you, I wanna touch you,
I wanna be where you are,
Know that you're mine, never be far,
And love all the time yeah.

Yes, I love you, I love you.
Yes, I love you, I love you.

When I left you,
I never knew how long they'd keep me away from you,
Oh yeah,
I'm always thinkin' about you,
Can't get you outa my mind
I wanna feel you, I wanna touch you,
I wanna be where you are,
Know that you're mine, never be far,
And love all the time yeah.

Yes, I love you, I love you.
Yes, I love you, I love you.
