

# Johnny Cash, Honky Tonk Girl

Don't be fool by big blue eyes by a smile or a golden curl  
Cause she'll love you now and then break every vow cause she's just a honky tonk girl  
Breaking hearts to her is just the way of having fun  
She thinks every man's a fool and you're another one  
She knows all the arts of love she'll give your heart a twirl  
Cause she's just a honky tonk girl  
[ fiddle ]  
She can never change your ways though you'll give her all the world  
She's had more than one or two and each day there's someone new  
Cause she's just a honky tonk girl  
Breaking hearts to her...
